3. TRL 2/TRL3 Experiment Assessment

This assessment will be done by each SEC member

Evaluation Question	1. Dr.	2. Dr.	3. Dr.
A. Technical Soundness			
1. Is the problem clearly defined?	—	—	—
2. Is the hypothesis/objective of the experiment clear?	—	—	—
3. Does the experiment logically test the core technology?	—	—	—
4. Is the methodology realistic and technically feasible?	—	—	—
5. Are required tools/resources identified?	—	—	—
6. Will the experiment provide a validation of the idea (TRL 2)?	—	—	—
7. Will results provide proof of concept (TRL-3 evidence)?	—	—	—
B. Market Worthiness			
8. Is there a clearly identified user/customer need?	—	—	—
9. Does the experiment reduce a key market or product risk?	—	—	—
10. Is there a plausible application/use case after TRL-3?	—	—	—
C. Execution Readiness			
11. Is the timeline realistic?	—	—	—
